EDITORIAL MESSAGE

CA. Sanjeevan Vilas Tambulwadikar
Editorial Committee

A very warm regard to everyone. Hope that everyone is doing well along with their family and the loved ones. Considering the current situation surrounding us, I can only hope that each of us is doing well and staying safe.

With the vaccination being started for Covid-19 for all the adults aged over 18 years, let us hope that this pandemic comes to an end in this year and we lead our lives freely without any fear. The days will surely come where we will roam without masks but to reach that moment, we will have to wear our masks and protective gears all the time and save ourselves as well as our society.

The focus of the current month's newsletter as said above is on Blood Donation. With the Pandemic spreading like we had never imagined, as our duty towards the society, I urge everyone to donate blood and help the ones in need. Also, the people who have recovered from the Virus should donate plasma and help save other souls from this dangerous disease. We as a bit of us to the society should decide to help ourselves with our small contribution. Every person's small contribution will make a big change in the country. Always remember that, "There is a hope of life to someone in your blood donation."

The month of April has mostly gone with the lockdown restrictions, but still we have managed our work in some or the other ways. We should keep ourselves healthy in this work load and also our colleagues and friends. In this situation their health may affect ours too.

I thank all the readers and the contributors for their hard work and dedication towards the monthly newsletter. I urge the members to participate in the newsletter via professional updates, articles on matters related to the profession and also by any means possible that will help our fellow members to update their knowledge and wisdom.

Lastly, I would say that keep yourselves happy and safe, self being happy makes the people around us happy.

Amendments to Finance Bill 2021

The Finance Bill, 2021 received its Presidential assent on March 28, 2021. It has undergone some amendments before being passed by the Parliament to which post facto approval was given by the Cabinet on 20th April 2021. Some amendments:

- i) Tax on dissolution or retirement or reconstitution in case of firm or association There was rewording of the proposed provisions of section 45(4) and the proposal of inserting the new sub-section (4A) of section 45 is dropped. In its place, a similar but a deeming provision by way of a new section 9B is inserted in the Income tax Act. Section 9B comes into play in case of dissolution and reconstitution of the entity whereas the provision of section 45(4) applies only to reconstitution of the firm In view of some overlap, a new clause (iii) has been inserted in section 48 to provide that the amount chargeable to income-tax under section 45(4) on the capital asset being transferred shall be reduced from the full value consideration while computing income under section 9B with respect to such capital asset.

'reconstitution' is now clarified to include a case where all the partners or members continue with a change in their respective shares.

ii) Tax audit

Bill proposed to enhance the threshold for the tax audit required under section 44AB from Rs. 5 crores to Rs. 10 crores. This is subject to transactions in cash not exceeding 5%. This condition is now to be read to the effect that transaction through a cheque or a bank which is not account payee, shall be deemed to be in cash. This will apply from the Assessment Year 2021-22 onwards.

Forms of Income-tax Returns

Taxpayers regularly ask for extension of due dates for filing the Return of income. When such request is not accepted, the matter is taken to Courts. One common argument justifying extension is that the Forms of Returns are prescribed late. In the light of the above, this time, Forms of Returns are prescribed by notification dated 31st March, 2021 which is before even start of the year. Not many changes are made in the Forms in the light of the fresh wave of Covid 19. As regards individuals the new tax regime applies from Assessment Year 2021-22. Hence the Forms require you to state whether you are opting for new tax regime u/s 115BAC. Also, as income from Dividend from Companies is now taxable, the forms provide for details of such income, and expenses relating thereto (restricted to interest to prescribed extent). Also as interest under section 234C takes into consideration the quarter in which it is earned we now need to give quarterly breakup of such income.

- Vide notification no.05/2021-Central Tax, dated 08.03.2021, the system of e-invoicing for taxpayers having aggregate turnover exceeding Rs.50 Cr is implemented from 1st April, 2021. Thereby the e-Invoicing is mandatory from 1st April, 2021 for entities whose aggregate turnover exceeds Rs. 50 Cr.

This time I have come up with a trick that you will be able to surely use and save some time and it'll help you to make your work a little faster and smart.

In the snapshot below we have sample data that we want to convert DR amounts to positive numbers and Credit amounts to Negative numbers. Oftentimes we come across text files which, if imported in excel will show as a text value with Dr or Cr suffix. (For example "15000 DR" or "10000 CR") The same Data can be converted into usable format using given steps as follows. The video explaining the same is also available on my youtube channel "CA. Chinmay Marathe Excel".

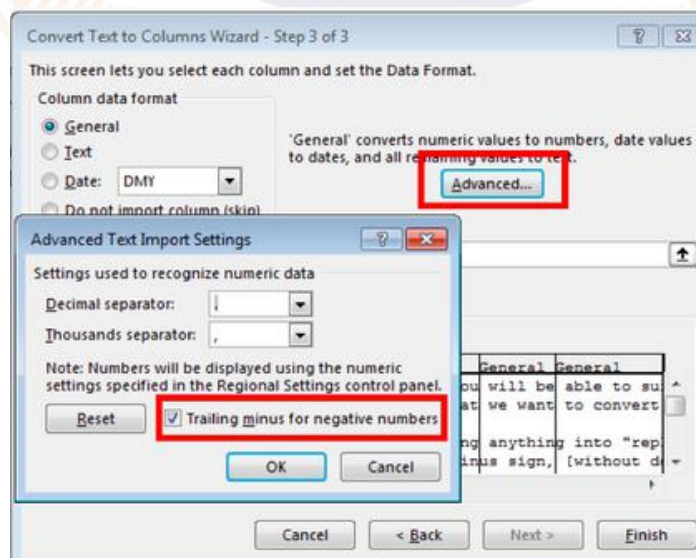

Step 1: Find and Replace "DR" without entering anything into "replace with" option (which denotes null in excel data structure). You can also use Shortcut keystroke for Find Replace: Ctrl + H.

Step 2: Find and Replace "CR" with "-" (A minus sign, [without double quotes])

Step 3: Select the whole column in which your data is entered into. And press Alt, A, E or go to Home>> Data >> Text to columns>>Select Fixed Width>> click next >> Click Next. And As shown in the image below click on "Advanced..." and make sure the "Trailing Minus for negative Numbers is Selected".

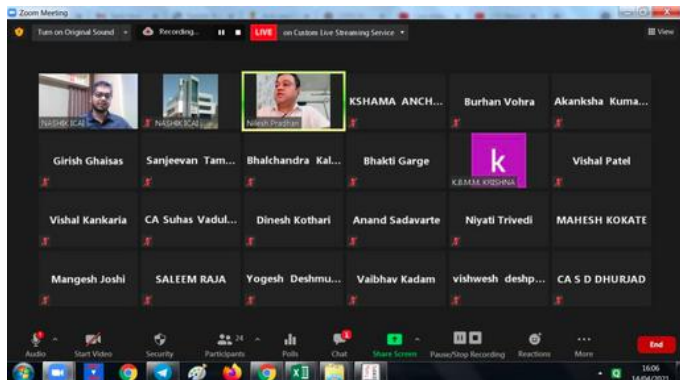

Your Data should appear like this before and after-

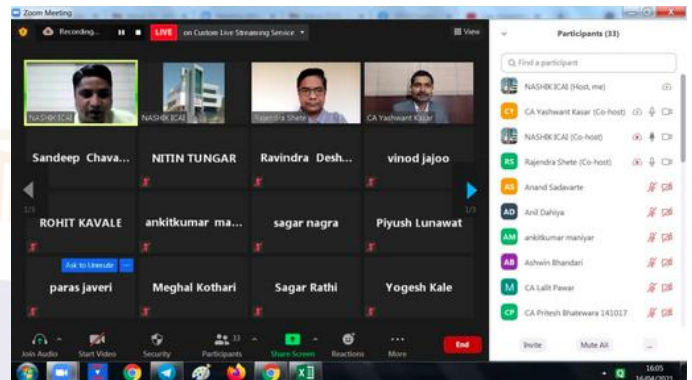

10	310335 DR	3,10,335.00
11	310335 CR	-3,10,335.00
12	132586 DR	1,32,586.00
13	132586 CR	-1,32,586.00
14	392328 DR	3,92,328.00
15	392328 CR	-3,92,328.00
16	119662.03 DR	1,19,662.03
17	119662.03 CR	-1,19,662.03
18	161934.7 DR	1,61,934.70
19	161934.7 CR	-1,61,934.70
20	266000 DR	2,66,000.00
21	266000 CR	-2,66,000.00
22	228351.41 DR	2,28,351.41
